We are very happy about the high number of people interested in this year's IASS symposium. We received 470 abstracts! We were stunned how many high-quality concepts were transmitted to us.

NEXT STEP: Submission of Papers until April 15th, 2017.

At the moment we are configuring the paper submission procedure. Therefore, we ask you to wait a couple of days until uploading your paper. We will send a notification when the system fulfills all requirements for the paper submission.
