

Newsletter 04

EXTENSION OF FULL-PAPER SUBMISSION UNTIL APRIL 30th, 2017 – SUBMIT YOUR FULL-PAPERS NOW!

It took us some days to prepare everything for the submission procedure of your full papers. It is done and we eagerly anticipate your full-papers.

In the first step of the submission procedure you are asked, if you would like to present your full-paper in our [Pecha Kucha](#) Session. The Pecha Kucha Session will be a Plenary Session and provides approximately 16 participants the possibility to present their scientific research and approaches to a large audience. You don't have to upload a 3-slide-proposal as mentioned in the last newsletter. Just click "yes" and you will be considered for this opportunity.

Before uploading your files, you have to fill a form field. You have 300 characters to describe precisely what your full-paper is about. This summary will be used for the extended program, which is a printed accompanying booklet during the symposium. For our extended program, we need two significant pictures that fit to the theme of your paper. Those pictures have to be uploaded as *.jpeg in a printable resolution (300dpi).

To properly submit your full-papers you have to upload your document as a *.pdf-file and *.doc-file. Additionally you need to upload your filled and signed copyright declaration as *.pdf-file.

All files can have a size of 5 MB each. It won't be possible to upload larger files.

Find the template for papers and the copyright declaration [here](#).

After uploading your full-paper **REGISTER FOR IASS 2017**. If you didn't register until the end of submission deadline your paper will be included neither in the review nor for the symposium sessions.

If you applied for the Hangai Prize: As we had a record breaking number of 75 intended applications, the Hangai Prize Committee needs time to review your papers accurately. The awardees get a free ticket for the IASS 2017. According to the current reviewing process, all Hangai Prize applicants have to pay their fee by June 15th, 2017, if not informed as a winner.

REGISTER NOW FOR IASS 2017!

From now on, it is possible to purchase your IASS 2017-ticket. Therefore, you need an account on iass2017.org, if you don't have one yet.

The early bird fee for IASS members is 695 € until June 15th, 2017. Your ticket includes the complete scientific and social program as well as the Gala Dinner and our Technical Tour. Your accompanying person pays only 295 €.

If you are a student and presenting a paper you only have to pay 545 €.

Your invoice can be downloaded from your user account. As far as your payment is confirmed, you are able to download your ticket likewise from your user account.

During the next week, we will also start the registration for pre-Workshops and Master Classes. We got interesting proposals and are clarifying the last details.

Master Classes will take place from September 22nd-24th, 2017. The fee for Master Classes is 595 €.

Workshops will take place from September 20th-24th, 2017. The fee is 595 € (students 385 €).

More information about Workshops and Master Classes will follow soon on iass2017.org!
